

## ICOFA

*(details on the process)*

Thank you for expressing interest in receiving the powerful tool of Icofa (One Hand of Orunmila).

This is an energy that will provide you with many different pieces that will add more to the value of your life.

*First let me tell you why there is no need to be present...*

When we make our Icofa's for an interested party,  
We do them at the highest level of our ceremonies.

We prepare the day with offerings to **Nana Buuken**  
(to balance the female side of the matrix)

While the Babalawos and Oluwo's are doing their offerings and  
prayers to **Igba Iwa**. (to balance the male side of the matrix)

This is the Calabash of Existence, where the Sacred Odu lives.

Only initiated Ifa Priests can be present...so you could not be apart  
of any of the ceremonies...due to the level of intensity.

We then take your Ikin with your Esu rock and place them on the  
Sacred Grove mound where we will then do the prayers and offerings  
incorporating the intense vibrational energy of a female goat.

It is a very powerful high ceremony...unlike how other traditions make  
their Icofa's for people.

We will then let the blood sit on your Ikin for three days.

At that time I will then remove the majority of the blood by wiping them

off with Gin or Vodka. (we never use water on the Ikin)

I will pass them over to the Oluwo where he will then prepare and do your Ita reading.

This is a very important Life Path Reading.

*(It is a different one from the one you would have received at the time you were finding out your Guardian Orisa)*

Upon completing the Divination, the Oluwo will type up the information he discovers at your Ita and we will package up your Ikin, the Esu rock that lives inside with your Ikin as well as an ide for you to wear on your left wrist.

We will also include written material to teach you and guide you in how to work with your Ikin.

When you receive your package you may feel free to contact us and ask any questions you may have.

We are always here to answer questions.

Each and every month.... the Oluwo does an Icofa reading, which indicates the energy of that current month.

He posts it on our Ifa Foundation site for all those who have received their Icofa (One hand of Orunmila) ...

so that they will be able to know what the tone of the month is and how to work best with it.

You will learn more about each Odu as well as how specific offerings and ebbos come into play.

You will be able to connect deeper and deeper each month with the source of wisdom and knowledge.

You will also have the knowledge of your path to work with.

This will enable you to gain more quality to your life and in a smoother way. Knowing more about how you filter your life will always bring more empowerment to all your endeavors.

The total cost for this Ifa tool is \$450.

*Each month we have an initiation ceremony that will include Icofa work. When you are ready we can make arrangements for you to have yours.*

Blessings
