THE EBO CHECKLIST 2022

# ÌRẸTÈ ÒBÀRÀ

# THE NEW 2022 SPIRITUAL TECHNOLOGY TOOLS

To navigate our new year blueprint with fluidity. Go for the full potential this year! Each tool for 2022 is created from the findings inside the biggest reading of the year, the Annual Legend for 2022 with the Ifa Foundation worldview performed by Odu Ifa, Iyanifa Vassa, Olufadeke, and Oluwo Fajuitan with special contributions from Oluwo Ifafore and of course overseen by the spirit of Oluwo Fagbamila.

Iyanifa Vassa will work with you to define & create.

The legend of 2022 indicates in the Pataki that it is a year to spread honey out into the world.

So each person that orders their tools and ebos will receive the gift of a bottle of honey from the local beehives near Ola Olu, the Sacred Orisa Gardens.

This is the year to not take any shortcuts...but rather step up and step in, tune in and turn on your abilities to elevate your connections...in how you relate to all things in your inner and outerverse.

This is a great year for Ifa Priests especially. Those that “do the work” expand their worldview and successfully navigate the challenges from pressures that may come into your existence.
