

Advanced Divination Training Course

Course Description

The Advanced Divination course calls to Babalawo's and Iyanifa's, who have already learned the basics of divination with the Opele and Ikin following their Ifa initiations. Through a series of modules dedicated to Ifa divination, you will learn how to enhance your understanding and interpretation of Odu to become a more effective diviner. This course highlights various interrelated facets of Ifa divination to develop a more in-depth and coherent perspective on the divination process, giving you a more extraordinary ability to divine for yourself and others. The lessons offered in the various modules of this course are interrelated and will build upon one another. Your skills and understanding of the Odu and capacity of Ifa divination will expand with each class.
